It is not necessary to arrange a tutoring to attend these sessions.

From 14-09-2023 to 22-12-2023.

DESCRIPTION

To know and understand the textual and intertextual nature of audiovisual expression. Historical-aesthetic analysis of its formal and artistic foundations.

CONSIDERATIONS on TEACHING METHODOLOGY

About ACTIVITIES and WORKS:

Any work that has any of these deficiencies will automatically be considered **NOT SUITABLE**, without having to evaluate its contents:

1. Works / activities without the corresponding critical apparatus, where appropriate, with approved criteria (preferably footnotes or at the end of the text, citation systems ISO 690 or APA).

2. Works / activities with serious and persistent spelling, syntactic, grammatical and / or semantic problems.

3. Works / activities performed by copying bibliographic or network materials. Plagiarism. If academic fraud or spontaneous copying is detected we will apply what is established in the «Regulations for the Assessment and Grading of Student Learning in UdL Bachelor's and Master's Degrees».

4. Works / activities done with the exclusive support of materials not recommended by the teacher. Works or exercises in which the materials explicitly recommended by the teacher in a previous correction or in tutorial are not used.

5. Works / activities performed on rhetorical, formalist or cinephile ramblings.

6. Works / activities that, in short, do not reach a minimum level of professionalism.

About TUTORIALS

1. The face-to-face or remote tutorials will be held at the times, dates and places established in this teaching guide. It is not necessary to arrange a tutoring to attend these sessions.

2. The tutorial is a fundamental tool to solve aspects of the content of the course and to guide the accomplishment of the exercises and works.

3. Tutorials can be done face-to-face or by videoconference. In both cases you can choose to do them individually or in a group.

4. In order to solve doubts about specific materials (films, books, images, texts ...), it is advisable to take the material to be consulted.

5. In the case of works / activities / texts that require the use of bibliography, this should be the one recommended by the professor. In addition, in the case of usage of other materials that are not recommended, it is very convenient to be sure of its suitability by informing the teacher in tutoring.

6. Whole works / activities / texts will not be tutored or corrected in their entirety before their formal presentation. Tutorial is designed so that the student exposes specific problems about his work or general doubts about procedures and methodological techniques, with the healthy intention of generating an intellectual debate with the professor. It is never a preliminary presentation, but a continuous process of problem solving and construction and improvement of work.

7. Tutorials or written inquiries (email) should be relevant and should exhibit formal neatness in expression and writing. In such case, the same procedure shall be carried out on a first-come, first-served basis and within a period not exceeding fifteen days from receipt. **Tutorials or written questions that do not have a minimum of formal polish in expression and writing will not be answered.**

8. During periods when there are no classroom classes, tutorials will be attended only by email. Under no circumstances will tutorials be taken during the August vacation.

About VIEWING FILMS AND OTHER AUDIOVISUAL WORKS

For the proper preparation of the contents of the subject and the acquisition of the habit of seeing the audiovisual with an analytical and rigorous perspective, it is absolutely necessary that the students complete the training with the viewing of films or other audiovisual proposals related to the subject. The professors of film and mass media history have produced a list of essential works that students should know when they finish their studies, can be

consulted in the "Resources" section of the subject. Additional suggestions include:

In the cinema, exhibition halls or museums:

- First releases of films. To follow the premieres and reruns related to the courses (regardless of the semester and course in which they are given).

- Filmoteca de Catalunya (Barcelona, Lleida ...), Cine-ull (Cineclub de la UdL), other cycles, projections, exhibitions, installations or activities. The professor will give you information in all these senses in class, on the notice board in office 3.58, or on the virtual campus.

In video, DVD, television, network:

About VIDEOGRAPHIC DEVICES

It is advisable to have video players as working tools. If someone does not have them he/she can collaborate with a colleague who has or use the computers in the Faculty's users room or those of the Library of Letters. Any doubts about a film or an audiovisual work can be consulted in a joint viewing between the teacher and the student during tutorial hours.

About ERASMUS students or other international or state MOBILITY PROGRAMS

It is recommended to have a good level of Spanish for a correct monitoring of the theoretical classes.

No specific evaluation criteria will be applied to these students. Consequently, they should perform the same exercises, practices and tests as the local students.

Students of any mobility program can answer exercises and written tests in English, French or Italian, as well as in any of the two official languages of the UdL (Catalan and Spanish). The test type exam will be provided exclusively in Spanish.

(Ex):

The exams will be multiple choice questions and relating to theoretical and practical aspects of S, C, PA and PC. They will be in face-to-face mode, by groups and through "Test and questionnaires" tool in the subject space of the virtual campus. See below the organization of the groups (Ex). For this type of test, it must be borne in mind that a maximum of two hours and a half will be required to assess all students.

FINAL EXAMINATION:

10-01-2024 (9:00-11:30h, classrooms 0.10.A, 3.48 and 3.49.A)

(Approximate duration 60 minutes: 20 minutes of preparation and 40 actual minutes of exam)

RECOVERY EXAMINATION:

31-01-2024 (12:00-14:30h, rooms 010.B, 3.48 and 3.49.A)

(Approximate duration 60 minutes: 20 minutes of preparation and 40 actual minutes of exam)

Organization of groups (Ex):

The exams will be organized in three groups A, B and C (different from the morning/afternoon enrollment) and will be done as follows:

-- **Group A:** at the exact time assigned for the exam in the computer rooms 3.48 and 3.49.A (therefore, the student will have a computer in the classroom).

-- **Group B:** at the exact time assigned for the exam in the classroom 0.10.A (final examination) or 0.10.B (recovery examination). In this case, students must take the exam with their laptop with an Internet connection and are responsible for its correct operation during the test.

-- **Group C:** one hour later than the one assigned as the beginning of the exam in the computer rooms 3.48 and 3.49.A (therefore, the student will have a computer in the classroom).

Before the exams, the teacher will give the instructions to assign each student to the corresponding group, classroom and schedule. If any student has **special needs to belong to group A, B or C** due to schedule reasons, transportation, laptop availability or any other circumstance, they must notify the teacher before the distribution of groups. Once the groups have been assigned, no changes can be made for any of the exams. **If, finally, it was only necessary to organize two exam groups, group A would remain the same and group B would adopt the characteristics described in group C.**

Evaluation

Evaluation blocks	Activity	O	%
Course Works (T)	MEDEA 1: Fragment identification, frame and movement analysis	O1 O2	21 %
Course Works (T)	MEDEA 2: editing and sound analysis, profilmic elements and conclusions	O1 O2	29 %
Exam (Ex)	Final examination relating to S, C, PA, PC	O1 O2	50 %
TOTAL			100 %

O: Learning objectives. %: final grade percent.

Students who want to ask for alternative assessment must submit an employment contract or justify, in a letter addressed to the dean, the reasons that make it impossible for him/her to carry out the continuous assessment within five (5) days after the beginning of the semester. For information, please send an e-mail to lletres.secretariacentre@udl.cat or ask for information at the Faculty's academic office (Secretaria Acadèmica de la Facultat de Lletres). In relation to this subject, the student who chooses this alternative assessment must complete in all cases the works (T) and the final examination (Ex, related to S, C and PA, but with the option to renounce the PC).

GRADES

Value of the parts	<p>The parts will be scored on the percentages indicated above (100 global points). That is:</p> <p>MEDEA 1 = 21 points MEDEA 2 = 29 points FINAL EXAMINATION = 50 points</p> <p>This is so because the Virtual Campus only lets to qualify with just one decimal. Consequently, if values were calculated on 10 total points, part of the qualification obtained would be lost (for example: 2.45 out of 5, it would be 2.4)</p> <p>Once obtained the value over a total of 100 points, each note is divided by 10. This is the rating of each of the parts that will be added to the final grade.</p>
Calculation of the final grade on 10 points	<p>MEDEA 1 + MEDEA 2 + FINAL EXAMINATION</p> <p>It is not necessary to "pass" each of the parts to do the sum of the final grade. The global grade of 10 will indicate if the subject has been passed or not, according to the criteria explained below</p>

Assumptions that involve to obtain a NOT PRESENTED in the subject	<ul style="list-style-type: none"> - In all cases in which the student has presented assessable parts that jointly weigh a percentage lower than 50% of the overall grade for the subject. - When there are parts not presented and a score equivalent to 45% of the possible score of the presented parts is reached. 								
Assumptions that involve to FAIL the subject	<ul style="list-style-type: none"> - With all the parts presented, do not reach 4,5 points out of 10 in the calculation of the final grade. - When the student has presented assessable parts that jointly weigh a percentage higher than 50% of the overall grade for the subject and a score equivalent to 45% of the possible score of the presented parts is NOT reached. 								
Assumptions that involve to PASS the subject	<ul style="list-style-type: none"> - Obtain, with all the parts submitted, a final grade greater than or equal to 4,5 points 								
Recovery	<ul style="list-style-type: none"> - In application of the regulations of evaluation, the recovery only affects the final examination (Ex), being an evidence equal to or greater than 30% of the final grade. - As the final examination (Ex) is the only recoverable part, recovery will only be scheduled when there are students who have failed the subject and who have not achieved 45% of its value in the ordinary session of the exam and/or have the option to pass the course improving the qualification of the exam in recovery. - If it is necessary to program the recovery of the final examination (Ex) as described in the previous point, instead, it can be done by all students who wish to do so. In the final grade, only the highest grade obtained will be taken into consideration (either in the ordinary call or in the recovery) - VERY IMPORTANT: The course works T (MEDEA 1 and 2), as an evaluation that develops progressively over time and that do not exceed 30% of the grade, are not recoverable. Only in very exceptional cases (at the teacher's discretion) will it be possible to make corrections or amendments to the presentations of the course works (certain formal problems that can be remedied or other special circumstances). 								
Round up	<p>The teacher reserves the right to round up the grades in some cases, according to criteria that take into account attitude, attendance and general results.</p>								
Final ratings system	<table border="0" style="width: 100%;"> <tr> <td style="width: 30%;">0 to 4,4</td> <td>Fail</td> </tr> <tr> <td>4,5 to 6,4</td> <td>Pass (between 4,5 and 4,9 will be 5 points in official record)</td> </tr> <tr> <td>6,5 to 8,4</td> <td>Notable (between 6,5 and 6,9 will be 7 points in official record)</td> </tr> <tr> <td>8,5 to 10</td> <td>Excellent (between 8,5 and 8,9 will be 9 points in official record. Bibliography

All the bibliography to support the subject is of recommended consultation, although it is a guiding guide that allows to initiate multiple routes of approach to the matter that is quite diversified.

All related books can be found in the Library of the UdL or through the inter-university loan PUC and SOD. In the tab "Resources" you can find an expanded thematic bibliography.
