Information on data protection in the audiovisual register in the subject

In accordance with current regulations on the protection of personal data, we inform you that:

- The organisation responsible for the recording and use of the image and voice is the University of Lleida - UdL (contact details of the representative: General Secretariat. Plaza Víctor Siurana, 1, 25003 Lleida; sg@udl.cat; contact details of the data protection officer: dpd@udl.cat).
- The recorded images and voices shall be used exclusively for teaching purposes.
- The recorded images and voices shall be saved and preserved until the end of the current academic year, and shall be destroyed in accordance with the terms and conditions specified in the regulations on the preservation and disposal of administrative documents of the UdL, and the documentary evaluation tables approved by the Generalitat de Catalunya (<http://www.udl.cat/ca/serveis/arxiu/>).
- The voices and images are considered necessary to teach this subject, and teaching is a right and a duty of the teaching staff of the Universities, which they must exercise under academic freedom, as provided for in article 33.2 of the Organic Law of Universities (Ley Orgánica de Universidades) 6/2001, of December 21. For this reason, the UdL does not need the consent of the students to register their voices and images with the sole and exclusive purpose of teaching in this particular subject.
- The UdL shall not transfer the data to third parties, except in the cases strictly provided for by the Law.
- The student can access their data; request correction, deletion or portability; object to its processing and request its limitation, as long as it is compatible with the purposes of teaching, by writing to dpd@udl.cat. You can also submit a complaint to the Catalan Data Protection Authority, via a mail to its website (<https://seu.apd.cat>) or other non-electronic means.

In case of hybrid teaching, the two practices can be grouped into one. Likewise, the grade for attendance will be replaced by the quality of the interventions of the students in the classroom (virtual or face-to-face).

O: Objective. %: percentage on the final grade.

Discovering plagiarism or copying will have serious consequences and will always affect the grade. From the beginning, the exercises involved will receive a 0 grade. In addition, academic fraud (copying or plagiarism in papers or spontaneous copying during the exam) involves the application of the Assessment Regulations and the qualification of teaching in the UdL degrees and master's degrees, which means that the coordinator and the head of studies to open the student's file; and that your case will be assessed by the study commission, and the applicable sanctions (depending on the seriousness of the offense) may include the loss of the right to be evaluated for the subject, the loss of registration for a semester or a course or expulsion from the degree up to three years.

Students who combine their studies with a full-time or part-time job whose schedules coincide with those of the classes, or who cannot attend class due to family reconciliation needs, have the right to request an alternative evaluation within a period of 5 days from beginning of the semester. For more information, send an email to academic@lletres.udl.cat or contact the Secretary of the Faculty of Letters. After the first five days of class without giving notice of wanting to take the alternative assessment, the only option will be the continuous assessment already presented in the first paragraph of this section.
