## Subject's extra information

In this subject we study the regulations regulating social protection from a gender perspective. In other words, women are configured as a protection subject to situations of need, although in most cases women are not the beneficiary subject of the protective measures exclusively, and the answer is analyzed The current system of social protection against this reality. This approach entails the study not only of the set of benefits provided in the Social Security System and that are effective as a consequence of the fact that women have the status of worker, but also the set of protective measures that can be accessed for its social vulnerability.

This subject is part of the educational offer of the Minor in Gender and Law.

## Learning objectives

- Mastery of the methodology and the necessary techniques to be able to interpret and correctly apply the principles and legal norms of social protection from a gender perspective.
- Domain of the basic concepts linked to equality and non-discrimination based on gender.
- Domain of the legislation on social protection from a gender perspective.
- Ability to develop at the practical level strategies aimed at neutralizing sexist actions and behaviors in the field of social protection.

## Competences

- Ability to organize and plan through objectives and strategies.
- Ability to recognize and articulate responses in situations of discrimination against women.
- Ability to develop positive actions.
- Ability to apply theoretical knowledge to solve practical problems.
- Ability to reason critically.
- Identification of the "gender" reality in the field of social protection.
- Identification of the sources that operate within the framework of the field of social protection.
- Knowledge of current legislation on the subject.
- Ability to incorporate the knowledge of the subject in the analysis of different problems and social situations.

## Subject contents

Module 1: The protective action of the Social Security System linked to women's health, maternity and child care.

This module presents in an orderly manner and different structures the benefits provided by the Social Security

System at its contributory level, whose main destination is women's health and, especially, that linked to pregnancy and maternity. This module will study the benefits that have been incorporated into the Social Security contributory system to make the maintenance of work and women's health and child care compatible. The study focuses on the General Social Security Regime.

## Unit 1. Temporary Disability.

### 1. Secondary disabling menstruation

- 1.1. Beneficiaries.
- 1.2. Amount and calculation of the benefit.
- 1.3. Birth, duration and expiration of the benefit.
- 1.4. Responsible subject and method of payment.
- 1.5. The management of temporary disability.

### 2. Risky pregnancy

- 2.1. Beneficiaries.
- 2.2. Amount and calculation of the benefit.
- 2.3. Birth, duration and expiration of the benefit.
- 2.4. Responsible subject and method of payment.
- 2.5. The management of temporary disability.

### 3. Termination of pregnancy

- 3.1. Beneficiaries.
- 3.2. Amount and calculation of the benefit.
- 3.3. Birth, duration and expiration of the benefit.
- 3.4. Responsible subject and method of payment.
- 3.5. The management of temporary disability.

### 4. Pregnancy of the working woman from the thirty-ninth week

- 4.1. Beneficiaries.
- 4.2. Amount and calculation of the benefit.
- 4.3. Birth, duration and expiration of the benefit.
- 4.4. Responsible subject and method of payment.
- 4.5. The management of temporary disability.

## Unit 2. Birth and care of minor and co-responsibility for infant care

### 1. Birth.

- 1.1. Protected situations.
- 1.2. Beneficiaries
- 1.3. Calculation of the benefit.

- 1.4. Birth, duration and extinction of the right.
- 1.5. The management of the benefit.
2. Special subsidy for birth
3. Co-responsibility for infant care.
  1. Protected situations.
  2. Beneficiaries.
  3. Calculation and amount of the benefit.
  4. Birth, duration and extinction.
  5. Management of the benefit.

## Unit 3. Risk during pregnancy and risk during breastfeeding.

1. Risk during pregnancy.
  - 1.1. Protected location
  - 1.2. Beneficiaries
  - 1.3. Calculation of the benefit.
  - 1.4. Birth, duration and extinction of the right.
  - 1.5. Management of the benefit.
2. Risk during breastfeeding.
  - 2.1. Protected location
  - 2.2. Beneficiaries
  - 2.3. Calculation of the benefit.
  - 2.4. Birth, duration and extinction of the right.
  - 2.5. Management of the benefit.

## Unit 4. Care of minors affected by cancer or other serious illness.

1. Protected situation.
2. Beneficiaries.
3. Calculation of the benefit.
4. Birth, duration and extinction of the right.
5. Management of the benefit.
