

Universitat de Lleida

DEGREE CURRICULUM **BACHELOR'S THESIS**

Coordination: CHEMISANA VILLEGAS, DANIEL

Academic year 2023-24

Subject's general information

Subject name	BACHELOR'S THESIS			
Code	102315			
Semester	UNDEFINED			
Typology	Degree	Course	Character	Modality
	Bachelor's Degree in Mechanical Engineering	4	COMPULSORY	Attendance-based
Course number of credits (ECTS)	15			
Type of activity, credits, and groups	Activity type	TFG		
	Number of credits	15		
	Number of groups	1		
Coordination	CHEMISANA VILLEGAS, DANIEL			
Department	INDUSTRIAL AND BUILDING ENGINEERING			
Important information on data processing	Consult this link for more information.			

Teaching staff	E-mail addresses	Credits taught by teacher	Office and hour of attention
BARRAU , JEROME	jerome.barrau@udl.cat	,38	
BRADINERAS ESCO, FRANCISCO JAVIER	javier.bradineras@udl.cat	,75	
CABISCOL TEIXIDO, MARIA ALBA	alba.cabiscolteixido@udl.cat	,38	
CHEMISANA VILLEGAS, DANIEL	daniel.chemisana@udl.cat	1,88	
COMELLAS ANDRES, MARTI	marti.comellas@udl.cat	1,51	
DE GRACIA CUESTA, ALVARO	alvaro.degracia@udl.cat	,37	
ILLA ALIBES, JOSEP	josep.illa@udl.cat	2,26	
MARTORELL BOADA, INGRID	ingrid.martorell@udl.cat	2,26	
MEDRANO MARTORELL, MARCO	marc.medrano@udl.cat	2,62	
MILLAN GOMEZ, JOSE SEBASTIAN	jose.millan@udl.cat	,75	
MOLTO ARIBAU, MARIA MARGARITA	marga.molto@udl.cat	,38

ZSEMBINSZKI , GABRIEL SEBASTIAN	gabriel.zsembinszki@udl.cat	1,5	

Learning objectives

Bachelor's thesis is a subject which is included in the syllabus of every bachelor's degree. In case of bachelor's degree in Mechanical Engineering, bachelor's thesis (BT) has 15 ECTS, it has to be done in the last academic year and it comprises work that every student (or a group of students) carries out

under the supervision of a director or two co-directors. This work allows students to show their acquired knowledge and competences associated with the bachelor's degree in an integrated way.

Competences

UdL1. Appropriate skills in oral and written language.

UdL2. Command of a foreign language.

EPS1. Capacity to solve problems and prepare and defence arguments inside the area of studies.

EPS2. Capacity to gather and interpret relevant data, within the area of study, to judge and think about relevant subjects of social, scientific and ethical nature.

EPS3. Capacity to convey information, ideas, problems and solutions to both a specialized and no specialized public.

EPS4. To have the skills required to undertake new studies or improve the training with self-direction.

EPS8. Capacity of planning and organizing the personal work.

GEM27. Capacity to develop an original and individual project, and to present and defend it in front of a university court. It has to be a project in the mechanical technological field of the Industrial Engineering, of professional nature in which all the competences are integrated and synthesized.

Methodology

Every bachelor's thesis is directed by a director or two co-directors. The director or one of the codirectors must be a teacher who belongs to a teaching department of the same degree.

An external teacher may be proposed as a co-director, in which case a member of the UdL teaching staff must perform as a director.

Development plan

Proposal

A proposal of the bachelor's thesis may be carried out in the following ways:

- A student's proposal.
- A department's proposal.
- Proposals carried out within the framework of the convention of cooperation between university and enterprise.
- Projects carried out within the framework of the mobility offered at UdL.

A proposal must be approved by the director (or the co-director) and the coordinator of the degree.

Enrolment

The enrolment allows a student to apply to reading his/her bachelor's thesis in a call during the academic year.

Enrolment may be processed during two periods along the academic year:

- At the beginning of the first quarter.
- At the beginning of the second quarter.

Evaluation

The bachelor's thesis will be assessed following continuous assessment methodology. The final mark will be based on the marks of the following four items:

- Initial report (10%) which shows assimilation of the aims and context of the BT to carry out. It is assessed

by the director.

- Follow-up report (10%) which presents evolution of the BT and decisions made. It is assessed by the director.
- Final document of the BT (50%). It is assessed by the director.
- Presentation and defense of the BT in front of an examination committee (30%).

The student will present his/her project and defend it publically answering committee's questions.
