Competences

Basic skills:

CB1 Possess and understand knowledge in an area of study which is at the foundation of general secondary education, and is usually at a level which, while supported by advanced textbooks, also includes some aspects involving knowledge from the cutting edge of their field of study.

CB4 To be able to convey information, ideas, problems and solutions to both specialized and non-specialized audiences)

CB5 To be able to develop those learning skills necessary to undertake further study with a high degree of autonomy

General Competencies:

CG1 Developing the ability to adapt to new situations and solve problems effectively.

CG2 Developing the ability to work in multidisciplinary teams and collaborate efficiently with other professionals.

CG3 Showing interpersonal relationship skills.

CG4 Recognize different theoretical perspectives on the topics you are working on, comment on conclusions and make decisions.

CG5 Demonstrate critical ability to make relevant decisions.

CG6 Reflecting on own limitations in a self-critical manner, considering the possibility of requesting interdisciplinary collaborations.

CG7 Acting with creativity, research culture and professional communication.

CG10 Respecting the fundamental rights of equality between men and women, the promotion of human rights and the values of a culture of peace and democratic values.

Specific competences:

SG1 Identifying and analysing the characteristics and needs of people, groups and organisations, as well as the relevant contexts for the service requested.

CE4 Analysing and interpreting the results of psychological assessment.

CE6 Respond and act in an appropriate and professional manner, taking into account the attitudes and values of the profession, as well as its code of ethics and deontology, in each and every one of the intervention processes.

CE7 Provide information to users and establish an adequate interpersonal relationship, taking into account the different contexts of professional relations.

CE8 To prepare technical reports, both oral and written, on the results of the evaluation process, of the research or of the services demanded, respecting the ethical commitment that the dissemination of psychological knowledge requires.

CE9 To use the different documentary sources in psychology, to show a mastery of the necessary strategies to access the information and to assess the need for documentary updating.

CE10 Manage, analyse and interpret data within the framework of the disciplinary knowledge of the different fields of psychology.

CE11 Make critical decisions on the choice, application and interpretation of the results derived from the different

psychological research methods.

CE12 To disseminate the knowledge derived from theoretical reviews and from the results of psychological research.

Transversal competences:

CT2 Acquiring a significant command of a foreign language, especially English.

CT3 To acquire training in the use of new technologies and information and communication technologies.

CT5 Acquiring essential notions of scientific thought.
