INFANTE ALEXANDRE, MONTSERRAT	montse.infante@udl.cat	6	

Subject's extra information

For an optimum follow up of the subject, it is highly recommended to review and work on the concepts acquired during the subject Marketing Management. It is also recommended to solve all practical cases even if they are not compulsory.

Strategic Marketing is a subject of the third academic year that is a continuation of the introduction to marketing given in Marketing Management the second academic year. It is therefore essential to study this subject after having successfully passed Marketing Management. Moreover, you can complete your knowledge in the field of marketing by taking optional subjects such as Marketing research where you can study the market research process, as well as the main qualitative techniques, the Foreign Trade course, which introduces the concepts, mechanisms and dynamics for starting the export and/or importing activity of a company, or Digital Marketing, in which the most common online marketing tools are introduced and applied (social media, webpages, etc.).

Learning objectives

After successful completion of this course, students will be able to

1. Draft a plan of marketing from the knowledges worked on the subject
2. Make decisions on product policies: definition of the product, brand, packaging, positioning, among other relevant policies
3. Make decisions on price policies: methods of price setting, price strategies,...
4. Make decisions on distribution policies: function of the distribution, type of channels and strategies of distribution, trends...
5. Make decisions on communication policies: know and use the tools of communication mix, strategies of communication, preparation of a business communication plan...

Evaluation clarifications

Students who for any reason do not perform any of the activities under qualification will get a 0 in this section.

To pass the subject the student must obtain a final average grade of the tests equal to or greater than five (5), provided that a minimum of 4/10 of the practical assignment is obtained.

When a student has not completed the continuous evaluation of the subject, but has carried out evaluation activities that suppose equal or less than 50% of the overall grade of the subject, he / she will achieve a final grade of "NOT PRESENTED".

Alternative assessment

In the event that a student documentally proves that s/he is unable to attend scheduled activities of the continuous assessment (for paid work, second or subsequent tuition of the subject, family conciliation, etc.), s/he can opt for a single test of validation of competences and knowledge that will be conducted on the day and in the schedule established in the calendar of evaluation of the Degree for the final test of the ordinary evaluation (weeks 16-17). In this case, the evaluation will be based on both exams (multiple choice and study case).

The application for this assessment modality must be carried out before the third week (17th of March 2022) of class with documentary accreditation and, once done, it can not be modified.

On the website of the Faculty there is the document that students must complete and deliver to the professor responsible for the subject: http://www.fdet.udl.cat/export/sites/Fdet/ca/_galleries/Documents/Secretaria-documents/Sollicitud-davaluacio-alternativa.pdf

In accordance with art. 3.1 of the UdL evaluation regulations, the student can not use, in any case, during the evaluation tests, means not allowed or fraudulent mechanisms. The student who uses any fraudulent means related to the test and / or carry electronic devices not allowed, will have to abandon the test or the tests, and will be subject to the consequences provided in these regulations or in any other regulations of internal regime of the UdL.
